Show Time As: Tentative

erick - i am updating the appointment message. the time (at least so far) seems to work for almost everyone on our end. as we discussed, we're hoping that you can provide at least an informal outline of steps that bad river might be taking to address the NOV concerns and/or be prepared to discuss them in detail and then followup with a more formal communication after the call. let me know if you want to discuss more.

the call in number should still be ok for the new call date/time.

good luck with your flood response - i know this must be a great challenge.

barbara

erick - i am adding a call in number for this call:

call in: Ex. 6 Personal Privacy (PP)
conference ID: Ex. 6 Personal Privacy (PP)

please let me know if there is any question about this date -- i was unclear from your vm message if we were both in agreement on the thursday date, barbara
